

EMERGING AND NEW RESEARCHERS IN GAMBLING (ENERGI) CONFERENCE

Energising New Researchers in Gambling
16th March, 2012

CALL FOR PAPERS

The Problem Gambling Research and Treatment Centre is pleased to invite PhD, Professional Doctorate and Masters students to participate in the Annual Conference of Emerging and New Researchers In Gambling (ENERGI) to be held in Melbourne.

The ENERGI Conference aims to showcase the latest gambling related research by bringing together emerging researchers from a range of disciplines. All current PhD, Professional Doctorate, Masters and Honours students and early career researchers (PhD graduates within the last 5 years) conducting gambling research, are invited to submit an abstract for an oral presentation at the conference.

Benefits of participating in ENERGI include:

- Presenting your research approach and findings to a diverse audience (clinical, research, industry and policy interested attendees)
- Networking with other emerging researchers conducting gambling related research from a wide range of disciplines.

Prizes will be awarded in student and early career researcher categories.

Practitioners are strongly encouraged to attend the ENERGI Conference which will showcase the latest research by new and emerging researchers as well as providing opportunities for networking between researchers and practitioners to facilitate collaborative practice based research.

For more information and a registration/payment please refer to the ENERGI website:
